

to stand daily and quarterly examinations on the text-books, and on original exercises involving principles explained in the text.

1. Sanford's Higher Arithmetic and Elementary Algebra.
2. Wentworth's Algebra.
3. Wentworth's Plane and Solid Geometry.
4. Wentworth's Trigonometry.

II. Latin.

To enter this School a thorough knowledge of Bingham's Latin Grammar (or its equivalent) and of the Reader is required.

To enter any class, mere facility in translating is not sufficient; evidence of thorough proficiency in forms and constructions is demanded.

Written exercises are made prominent throughout the course.

Mythology and Roman History are studied during the second and third years.

1. Cesar; Virgil; Parts I and II of Gildersleeve's Grammar and Exercise Book.
2. Cicero's Orations; Livy; Gildersleeve's Grammar and Exercise Book completed.
3. Horace; original written exercises; Versification and readings at sight from standard Latin writers.

III. French.

The regular course in French requires three full years of study.

Due regard is not only given to the pronunciation and syntactical structure of the language, but also to the so-called conversational or natural method throughout the course.

1. Ploetz's Noeroth Easy French Method; Telemaque.
2. Otto's French Grammar; Rochelle; Corinne.

GENERAL INFORMATION.

HISTORY.

The institution was founded in the year 1848. The Baptists of Eastern North Carolina and Virginia felt the need of establishing a female school possessing all appliances essential to a thorough and liberal education. They accordingly erected a beautiful and commodious brick building, four stories high, and furnished it with an elegance and liberality which enabled it at once to take rank with the best schools in the South. This rank it still maintains; and after a successful course of forty-three years, during which time it has graduated over two hundred young ladies, and contributed to the education of a much larger number, it is still the exclusive and unincumbered property of the Baptist denomination. As the denomination owns no other property held for the education of females, the Institute has peculiar claims on the patronage of Baptists, so long as it offers scholarship not surpassed in the State, and upon most reasonable terms. It is the purpose of its friends that it shall be kept fully up with the increasing demands of the age.

LOCATION.

The site embraces a tract of twenty-eight acres adjacent to the town, and secures the important advantages of privacy, and affords ample room for exercise within the inclosure.

A fine lawn of six acres immediately in front of the main building, laid out in walks and ornamented with shrubbery and flowers, adds greatly to the attractiveness of the place, and affords at the same time inducements to out-door exercise and botanical pursuits.

HEALTH.

This location was selected in preference to several others on account of its celebrity for health; and the history of the school for more than forty years fully sustains this reputation. The annual health record of the school since its foundation shows an average in medical bills of twenty-five cents per pupil—a record that challenges comparison with that of any similar school in the United States. No location, however, can insure permanent health to those who disregard the means of promoting it. As culture of mind without health of body would be comparatively valueless, special pains are taken to preserve the health and promote the physical development of pupils by furnishing a plentiful supply of nutritious and well-cooked food, by insuring sufficient time for sleep and by requiring necessary exercise. All boarding pupils are required to exercise daily in calisthenics, under the supervision of a judicious and well qualified teacher. If, however, any parent really wishes his daughter excused from this important part of school discipline, his wishes are respected, *if made known to the President at the time the pupil is entered.*

GOVERNMENT.

The government is mild and parental. It is regarded as of primary importance that the pupils be induced to act from *principle*. Hence, appeals to reason and conscience are mainly relied on to enforce rules and stimulate diligence.

Pupils from abroad are not permitted to make visits or receive them, except from relations or friends from their own neighborhoods. Boarding pupils never leave the Institute premises, except when attended by an officer of the institution or a near relative.

Young ladies are expected to conduct their correspondence through the regular Institute mail. While many correspondents are a decided disadvantage, letters are not opened unless there is reason to think there is something wrong, and that they should not be allowed to pass.

No young lady is permitted to open an account with a merchant without permission from her parent or guardian.

Costly dressing and the useless expenditure of money are discouraged. The clothing of young ladies must be legibly marked.

Every pupil, on application for admission, is examined on her previous acquirements, and is placed in such studies as the Board of Instruction deem best for her, due regard being had for the special wishes of her parents. Ornamental branches are taken only with the explicit consent of parent or guardian.

When studies have been assigned to a pupil, no change is allowed except for sufficient reason.

It is very important that pupils enter at the beginning of the session, as classes are then formed and new studies commenced. An absence of a few weeks frequently renders it impossible to regain position in a class. To encourage prompt attendance no deduction is made for loss of time while this position is retained.

New pupils are received at any time when we have room for their accommodation, and, after the first two weeks of the session, are charged only from time of entering. Pupils are regarded as entered for the entire session, and no deduction is made for absence during the session unless providentially called away.

In protracted sickness no deduction will be made so long as a pupil remains in the Institute, and holds her position in classes.

SESSIONS AND VACATIONS.

The scholastic year is divided into two terms, thus:

FALL TERM.—Beginning Wednesday, September 9th, ending January 19th following.

SPRING TERM.—Beginning January 20th and ending with the annual commencement, Wednesday, June 1st.

APPARATUS.

The Institute is furnished with a very complete and superior set of Philosophical, Chemical and Astronomical apparatus for the practical illustration of the principles of those sciences.

LIBRARY AND CABINET.

The Institute possesses a select Library and a large and well selected Cabinet of Natural and Artificial Curiosities.

RELIGIOUS INSTRUCTION.

The proper development and direction of the moral faculties are of paramount importance in the training of youth. Hence, the founders of the Institute incorporated into its system of instruction and discipline the Christian religion as a prominent and permanent feature; but the Faculty use no argument or persuasion to bias the minds or influence the choice of pupils in religious matters. All pupils are required to attend morning and evening prayers in the chapel, and public worship on Sunday.

INSTRUCTION.

The course of instruction is divided into three departments:

- I. Preparatory.
- II. Collegiate.

REMARKS ON COURSE OF STUDY.

1. The Junior and Senior Classes have Spelling and Elocution, and all other classes Spelling and Mental Arithmetic, twice a week.

2. Instruction in the Preparatory Department is given by the regular teachers in the Collegiate course, thus securing for all classes the same grade of instruction.

3. The programme is arranged for pupils to have four recitations a day in either course, thus giving each full work, but not overtaxing the ability of any. It is advisable, however, for pupils pursuing both music and art to have only three literary studies.

4. Written examinations are held at the close of each quarter; and in making our reports the daily and examination grades count each one-half. When a grade falls below three-fourths of the maximum, the pupil is required to make up the deficiency or review before she can graduate. Merely going over a course does not secure a diploma. If, however, a pupil's grade is less than three-fourths, she may complete the course with her class *without graduation*.

5. When a young lady has pursued the course of study prescribed for any department, in some other institution, she will be allowed to stand the examinations in that department with the class, and, if she makes three-fourths of the maximum, she will receive a certificate of proficiency.

6. While the course of instruction in Latin, Mathematics, Natural Science and Moral Philosophy, is not so extensive as in our male colleges, the standard of scholarship is designed to be quite as high. In French and English Literature, the course is as extensive and thorough, and the standard of scholarship as high, as in any of our colleges. Changes are made only after careful consideration.

7. Young ladies desiring to do so may take German instead of French.

REPORTS.

At the expiration of each quarter, printed reports are addressed to the parent or guardian, showing the merits and demerits of the pupil as exhibited in her general deportment, attention to studies, and standing in her classes. The object of these reports is to incite to constant diligence and faithfulness in the discharge of every duty.

GOLDEN REPORTS.

When a pupil is absent from no recitation, is perfect in deportment, and makes an average of nine-tenths on her studies, she receives a golden report.

If a pupil is kept from recitations by sickness, but is perfect in deportment, and makes an average of nine-tenths on her examinations, she receives a golden report.

DEPARTMENT OF MUSIC.

Music, instrumental and vocal, is taught by the best teachers that can be procured. For years this department has been under the direction of Mrs. S. J. MYRICK, a refined and cultivated lady, who has taken unusual pains, under the tuition of the best masters, to qualify herself for teaching; and having taught many years in the institution, she is well known to its patrons as a most popular and successful teacher. Under her direction the department has acquired unusual popularity and efficiency. Her associates are also ladies of superior qualifications.

The Institution has twelve scholarships, held by individuals, which authorize the admission of as many indigent young ladies free of charge for *Literary* tuition.

REMARKS.

1. To those parents who seek mainly opportunities for successful study in sending their daughters from home, this Institution offers some important advantages.

2. More than half the grading has been done on a railroad from Murfreesboro to Pendleton, a station on the Roanoke & Tar River Road. The contractor promises that

trains shall be running to Murfreesboro by August 1st. When this road is completed, Murfreesboro will be one hour and a half from Weldon, and parties coming from Charlotte, Raleigh, Fayetteville, Wilmington, Morehead, Plymouth, Norfolk, Washington, Danville and intermediate points, can leave home in the morning and reach Murfreesboro the same afternoon.

3. We are glad to have parents or guardians visit the school at any time and learn, from the teachers and their own observations in the recitation room, how their daughters and wards are progressing.

4. The school consists almost entirely of boarding pupils. Classes are not, therefore, retarded by absence, on account of inclement weather, as is necessarily the case where there is a large admixture of day pupils.

5. *Parents should write to the President himself, and not to their daughters, in regard to health, desired changes in studies, permission to visit, or other special privileges. The reasons for this requirement are obvious.*

6. It is earnestly hoped that parents will not allow their daughters to leave the Institute during Christmas. Besides the loss of time, serious damage to health frequently results from leaving a heated building at this season of the year.

7. There is no extra charge for languages in regular course, or for calisthenics. Pupils having two studies in the collegiate course are charged the tuition of that department.

8. When desirable, we endeavor to secure situations for young ladies who have been pupils in the Institution, and whose attainments and deportment are satisfactory.

Letters for young ladies should be addressed:

Miss -----,

C. B. F. Institute,
Murfreesboro, N. C.
